

2017 Effective Transitions in Adult Education Conference

Posted on 06/05/2017

Connect and engage with colleagues from across the country at the National College Transition Network's 11th annual conference on Effective Transitions in Adult Education on November 13 - 15, 2017 at the Crowne Plaza at the Crossings, Providence (Warwick), RI.

Our conference is a time to join with adult education, workforce development, and postsecondary educators, advisors, and administrators in a community of peers to:

- Share strategies for partnership and collaboration to enhance programming
- Recharge and renew with innovative practices
- Take away new ideas, new friends, and contacts

Gathering to affirm a shared vision of access to educational and economic opportunity for adult learners is more important than ever. The conference is designed to strengthen our practice, and catalyze collaboration as we experience changes in the national landscape that affect our work at the local level.
